

IV Therapy is the quickest and most effective way to rehydrate your system and fuel your body with essential vitamins, minerals and amino acids.

Infuz at Baha Mar offers 5 IV options and 4 booster shots that can be given as a shot or added to an IV as a booster. Our IV Therapies have been specially formulated to give heightened mental and physical vitality and provide your body with the nutrients, vitamins and antioxidants you need. Our IV therapies give 100% of vitamin absorption and leave you feeling energized and refreshed.

HYDROBOOST

Get instant hydration with this energizing IV Therapy, featuring essential hydration with electrolytes and vitamins that replenish the body and keep it healthy.

MYER'S COCKTAIL

This cocktail helps you restore your body's natural balance with the perfect blend of vitamins and hydration. The Myer's is a multi-symptom reliever of cramps, migraines, inflammation, fatigue and stress and is great for jet-lag recovery and overall wellness.

HANGOVER RECOVERY

Get instant hangover relief with a full liter of hydration, high dose vitamins, antioxidants and micronutrients. Revive yourself with the ultimate liver detox and energy boost and get back on your feet in no time.

BEAUTY & GLOW

Get the ultimate beauty boost from the inside out with the perfect blend of hydration, high-dose glutathione, biotin, and multi-trace elements. No tricks or angles, just 100% vitamins and anti-oxidant absorption to keep your hair, skin and nails looking pristine.

LIMITLESS

Can't decide on what to get? Why not treat yourself with the best of everything, This jam-packed vitamin IV helps optimize performance, boost neurological function, boost immune system, increase energy, beauty and anti-aging plus more. This IV also includes a high dose of glutathione, a master detoxifier and the mother of all antioxidants.

IV BOOSTERS

Add an IV Booster to any IV Therapy

GLUTATHIONE BOOSTER

Known as the superhero of antioxidants, glutathione functions as an activator of immune responses and the detoxification process. Glutathione also visibly improves sun damage and pigmentation.

VITAMIN C BOOSTER

Vitamin C is known for its positive impact on energy levels and viral illnesses. Regular injections build strength, fight bacteria, inflammation and help with absorption of other vitamins.

SUPER B ENERGY BOOSTER

This is the ultimate energy boost to fight fatigue whether from jet lag, a long night on the beat or the flu.

INTRAMASCULAR SHOTS

If time is of the essence, try one of our IM Shots.

SUPER B BOOSTER

Recharges energy, boosts immune system, regulates sleep and mood

SKINNY

Increases energy, maximizes metabolism, burns fat

GLUTATHIONE

Mother of all antioxidants, anti-aging, supports immune system

BEAUTY

Anti-aging, brightens skin and strengthens hair and nails
